

OF PRIMARY IMPORTANCE!

The El Cerrito Democratic Club is hosting a workshop on how clubs can make the most of our endorsements, especially as part of the top two primary environment. Come discuss this topic with Hans Johnson, founder and president of the East Area Progressive Democrats, the largest Democratic Club in California. Hans has done a lot of research into how Democratic Clubs can magnify our endorsements and use our people power to give progressive candidates a real boost in the primaries. He's also a commentator for Huffington Post (<http://www.huffingtonpost.com/author/hanspj-774>)
